All firefighters are fully fitted and trained on their use. Members of the department provided roving medical aid for the recent bike race. Wildland training was held at Gold Mountain along with Bill Robinson and several other members of the Gold Mountain CSD Board. For the Month of July, in district there were 15 calls. 11 medical calls, 1 illegal burn pile, 1 public assist, 1 Forest Service fire that wound up being in the City of Portola and 1 Gold Mountain call. A call was received from OES for a Wildland Type 3 engine and a crew was sent out on the McKinney Fire on July 30. C Road's water tender has been completely serviced and filled with chlorinated water to prevent slime build up as it sits. The air conditioner was fixed a year ago and Chief was recently told that it was not blowing very cold. It was taken to be inspected and a cable was found not fully adjusted. This was corrected and it is working fine now. One of the roll up doors at C Road had a circuit board go bad, Debbie Thompson was given the part number, she ordered it and Chief Frank will replace it. #9876 – there was a crack in the top of the plastic radiator. Chief Frank and Wayne Moore were able to repair the crack for \$66 in materials saving the District approximately \$339. #9878 – The engine was replaced on this unit approximately 3 years ago and it is believed to have a faulty O Ring and will be dropped off tonight to be worked on tomorrow. He also took the skid steer over to the Iron Horse station and graded it so that the area can be moved with a riding lawn mower. Chief Frank and Wayne Moore (9813) have been performing clean up at the Iron Horse, Lake Davis and C Road stations. Inventory of all 4 stations is being performed and will be complete in time for his turnover. Deborah Bress asked questions regarding any need for non-firefighter assistance to the district and Ashlee Sims commended Chief Frank on all that he and the department do/have done. Member of the public, Deborah Bress provided public comment. Board discussion ensued. It was decided that Director Graham will break the policies down into sections and email them to Directors for review. Sections of the Policies can then be discussed at future meetings and no Ad Hoc committee formed.

At this time, Chief Frank spoke up as he needed to leave the meeting at this time to get #9878 dropped off for repairs tomorrow. He voiced his opinion that the District needs to look at rejoining the LESSG as he believes it is in the best interest of the community to be under one fire district.
